bedrooms and living spaces.**

About Keno

Keno is a family-owned Polish manufacturer of handcrafted cotton rugs. For over 30 years, we have been producing soft, durable and elegant rugs made from high-quality cotton.

Our products are made on traditional machines and finished with care by experienced workers. We combine natural materials, long-standing production knowledge and timeless designs suitable for bathrooms, bedrooms and living spaces.

As a manufacturer, we are open to long-term cooperation with selected retailers, interior stores, bath textile shops, wholesalers and design-oriented partners.

The high quality of our products is confirmed not only by our Polish customers, but also by our partners from Germany, Lithuania and Belarus.

Quatro

Our best-selling design
100% Cotton

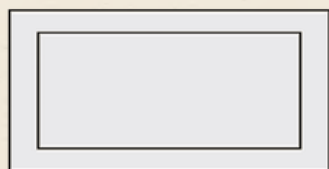

Quatro is the classic in our collection and one of our most frequently chosen designs. Its simple, balanced look, dense cotton structure and substantial weight give it a soft, solid feel underfoot.

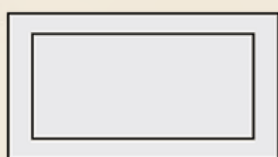

Crafted from high-quality cotton, it brings natural comfort to bathrooms, bedrooms and living spaces.

- 100% high-quality cotton
- Classic design
- Approx. 2150 g/m²

Kronos

Decorative rug with embroidery
100% Cotton

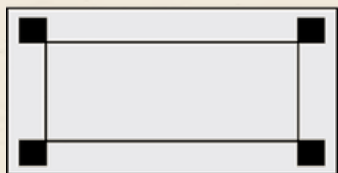

Kronos is based on a simple rectangular form, finished with subtle spiral details in the corners. This small decorative accent gives the rug a more classic and elegant look without making it feel too ornate.

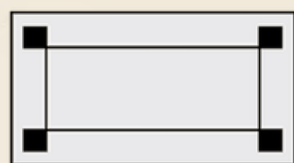

Soft, comfortable and easy to use in bathrooms, bedrooms and living spaces.

- 100% high-quality cotton
- Decorative embroidery
- Approx. 2150 g/m²
- Approx. 18 mm thickness

Lido

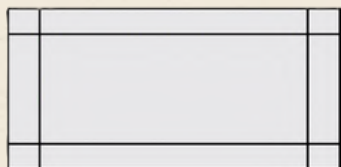

A stronger colour accent
100% Cotton

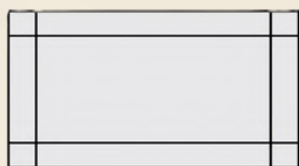

Lido is the most expressive design in our collection. Its reversed corner detail and vivid colours give the rug a stronger, more playful look, while the soft cotton structure keeps it comfortable in everyday use. A good choice for interiors that need a clear colour accent.

- 100% high-quality cotton
- Vivid colour options
- Modern decorative pattern

Karo

A clear geometric accent
100% Cotton

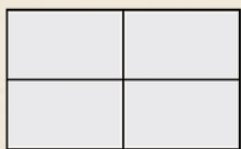

Karo has a clear geometric layout, created by reversing two opposite sections of the rug. The design is simple, but gives the surface more rhythm and character than a classic plain rug.

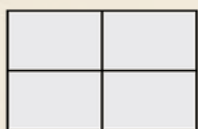

A good choice for interiors that need a stronger colour or shape accent.

- 100% high-quality cotton
- Geometric design
- Vivid colour options
- Approx. 2150 g/m²
- Approx. 18 mm thickness

Note

Colour availability of all collections may depend on order quantity and current production possibilities.

Care instructions

Keno cotton rugs are designed for everyday use. To preserve their softness, shape and colour, we recommend gentle care.

Wash separately in warm water with a mild detergent. Avoid spinning, wringing and ironing. The rugs will remain soft and fluffy if fabric softener is added during the final rinse. After washing, lay the rug flat with the pile facing up.

Initial linting is natural for cotton rugs. We recommend cleaning the washing machine filter after the first washes.

Wholesale Cooperation

We are open to cooperation with selected retailers, interior stores, bath textile shops, wholesalers and design-oriented partners.

Most of our production is made to order, which allows us to work flexibly with different collections, sizes and colour options. Delivery time and transport costs are calculated individually depending on order size and destination.

For wholesale inquiries, product details or samples, please contact us directly.
